

# BMO's Innovation ETFs

## You can't stop progress. Now you can invest in it.

### ZGEN

#### BMO MSCI Genomic Innovation Index ETF

The "genomic age" began with the successful DNA sequencing of the human genome. This laid the groundwork for this mega trend, which is predicted to generate hundreds of billions in new revenue and trillions in new market capitalization over the next five years with drug development pipelines leading the way.<sup>1</sup>

Emerging themes captured in ZGEN: DNA sequencing, biocomputing, bioinformatics, molecular diagnostics, agricultural biotechnology.

## Why Exposure to Innovations with BMO ETFs?

1. Exponential growth opportunities
2. Always evolving emerging themes
3. Cost efficient: 0.40% mgmt. fee on all five innovation ETFs

BMO ETFs is the first provider in Canada to offer the MSCI Innovation Indexes in an ETF. The MSCI Innovation Indexes have been developed in collaboration with ARK Invest. MSCI's unique investment approach, research process and background in megatrends makes them a leader in the thematic investing space. The MSCI Innovation Indexes transform each innovation theme into a definable and scalable universe. BMO ETFs takes this a step further by making each innovation investible and accessible, in addition to other benefits such as easy to access, liquid and cost efficient.

This communication is intended for informational purposes only and is not, and should not be construed as, investment, legal or tax advice to any individual. Particular investments and/or trading strategies should be evaluated relative to each individual's circumstances.

Individuals should seek the advice of professionals, as appropriate, regarding any particular investment. Commissions, management fees and expenses (if applicable) may be associated with investments in mutual funds and exchange traded funds (ETFs). Trailing commissions may be associated with investments in mutual funds. Please read the fund facts, ETF Facts or prospectus before investing. Mutual funds and ETFs are not guaranteed, their values change frequently and past performance may not be repeated.

For a summary of the risks of an investment in the BMO ETFs, please see the specific risks set out in the prospectus. BMO ETFs trade like stocks, fluctuate in market value and may trade at a discount to their net asset value, which may increase the risk of loss. Distributions are not guaranteed and are subject to change and/or elimination.

BMO Global Asset Management is a brand name that comprises BMO Asset Management Inc., BMO Investments Inc., BMO Asset Management Corp., BMO Asset Management Limited and BMO's specialized investment management firms.

The BMO ETFs or securities referred to herein are not sponsored, endorsed or promoted by MSCI Inc. ("MSCI"), and MSCI bears no liability with respect to any such BMO ETFs or securities or any index on which such BMO ETFs or securities are based. The prospectus of the BMO ETFs contains a more detailed description of the limited relationship MSCI has with BMO Asset Management Inc. and any related BMO ETFs.

Any statement that necessarily depends on future events may be a forward-looking statement. Forward-looking statements are not guarantees of performance. They involve risks, uncertainties and assumptions. Although such statements are based on assumptions that are believed to be reasonable, there can be no assurance that actual results will not differ materially from expectations. Investors are cautioned not to rely unduly on any forward-looking statements. In connection with any forward-looking statements, investors should carefully consider the areas of risk described in the most recent simplified prospectus.
